Instructor-Ronald Wegner

Governing Body

Owned & Managed by Ronald and Shelby Wegner

Administrators for Enrollment

Ronald Wegner & Shelby Wegner

General Information

The Professional Taxidermy Course at Wegner's School of Taxidermy consists of five classes. Total program length is 288 hours. Tuition includes all supplies and materials. Specimens are not included with tuition and are the responsibility of the student. The facility is located in rural Milton, Wisconsin on five acres of land. The school has a display of mounts that have been completed by the instructor. Students may view these finished products, which demonstrates that workmanship does pay off. With the proper instruction that Wegner's School of Taxidermy will provide, this could be your end product.

Professional Taxidermy program includes:

- Deer Head Taxidermy Class (1 Week)
- Bird Taxidermy Class (1 Week)
- Small Mammal Taxidermy Class (1 Week)
- Fish Taxidermy Class (2 Week)
- Turkey Taxidermy Class (1 Week)

Mission Statement

Wegner's School of Taxidermy goal is to help students earn a higher quality of knowledge, in the rewarding field of taxidermy. Wegner's School of Taxidermy will provide skills in the field of taxidermy needed to provide the student's future independent financial success.

WEGNER'S SCHOOL OF TAXIDERMISTRY L L C

Established 2005
Milton, Wisconsin

Facilities and Teaching location

Wegner's School of Taxidermy
2214 E. Manogue Rd.
Milton, Wisconsin. 53563

. All instruction is performed Monday - Saturday 8:00 am to 5:00 pm. The school calendar is scheduled so there will be no instructions during holidays. Ron Wegner has been in the industry since 1980. Ron received his advanced training from Steve Henthorn a Golden Master in taxidermy.

Handicapped Accessible

Admissions and Entrance Requirements

Wegner's School of Taxidermy will only enroll 5 students per class. The class limitation allows more time spent training one on one to obtain more knowledge. Persons must call and/or complete enrollment form and make arrangements for enrollment 2 weeks prior to starting class. Students must meet these additional requirements.

- Must be 18 years of age or older.
- Must be able to read and write English.
- Must have color vision.
- Reasonable manual dexterity.
- Submission of enrollment request form.
- Notification of acceptance.
- Down payment

Student Acceptance

A student will be notified of acceptance. Acceptance will be made by written notification and/or phone that the application was accepted

Schedule of Tuition, Fees and Refunds

A down payment must be made within 10 days after acknowledgment of enrollment to reserve the time and class space.

Tuition and Refunds

A \$400 down payment of the tuition for each class must be made at the time of enrollment (see page 4 for the cost of tuition). Remainder of tuition fees will be due the first day of class.

You may cancel this transaction (see student's right to cancel page 14). Students may be able to reschedule a new date where there is an opening in the schedule.

A student already in class that has an emergency due to the death of an immediate family member will be able to reschedule for the days missed.

The cost of all materials and supplies will be included in the tuition fee. There is an added fee for specimens. Please note the prices of specimens (see section on Specimen Pricing). page 3.

A student can bring their own specimen to learn on but the price of the specimen will be an

WEGNER'S SCHOOL OF TAXIDERMY L L C

Established 2005
Milton, Wisconsin

additional charge if Wegner's School of Taxidermy supplies the specimen.

Refund Policy

The student will receive a full refund of all money paid if the student cancels within the three-business days cancellation period.

A refund check will be mailed to the student within 10-business days after receipt of cancellation request by the school.

A student who withdraws or is dismissed after attending at least one class, but before completing 60% of the instruction in the current enrollment period, is entitled to a pro rata refund as appears on Table 1. As part of this policy, the school will retain a one-time application fee of \$100.

The school will make every effort to refund prepaid amount for books, supplies and other charges. A student will receive the refund within 40 days of the last date of attendance. If a student withdraws after completing 60% of the instruction, the school may refund a pro rata amount if withdrawal is due to mitigating circumstances beyond the student's control.

At least	But less than	Refund of Tuition
one class or unit	10%	90%
10%	20%	80%
20%	30%	70%
30%	40%	60%
40%	50%	50%
50%	60%	40%
60%	-----	No Refund

Specimen Prices

Please note the prices of specimens are not included in tuition.

All other supplies and materials needed are included in tuition fees.

Pheasant	\$105.00
Turkey	\$235.00
Mallard Duck	\$135.00
Coyote	\$95.00
Deer Cape	\$195.00
Deer Antlers	\$180.00
Pan Fish	\$30 per Fish
Walleye	\$6 per inch
Northern	\$6 per inch
Large Mouth Bass	\$6 per inch
Small Mouth Bass	\$6 per inch

WEGNER'S SCHOOL OF TAXIDERMISTRY L L C

Course Name	Total Tuition	Down payment
Professional course	\$17,400.00	\$5,000.00
Deer Course	\$3,000.00	\$400.00
Mammal Course	\$3,200.00	\$400.00
Bird Course	\$3,000.00	\$400.00
Turkey Course	\$3,200.00	\$400.00
Fish Course	\$5,000.00	\$400.00

Cost of Tuition

The cost of all materials and supplies included \$17,400.00 for the six-week professional course.

Academic Regulations

Student's Conduct

A student must be respectful to other students and instructors. Abusive conduct will result in immediate dismissal. We have a lot of things to learn and do not have time to tolerate a student that doesn't want to be positive and civil. This school doesn't have a probationary period. The following actions will result from violations (see Table 2).

1. There will be no swearing or vulgar language tolerated.
2. There will not be any horseplay tolerated.
3. There will not be any smoking or vaping in the school; permitted outside only.
4. There will not be any alcohol permitted on the premises.

Attendance

A student's attendance and total participation is a must to their training. We expect the student to have 100% attendance in each class. If the

student faces an unexpected illness or family emergency the student will have to schedule and

be accepted to a later session. Attendances will be recorded on file. The following actions will result from violations (see Table 2).

Excused absence

School policy for an excused absence limited to a death in family.

Tardiness

Students must make a full commitment to be on time. We have a lot to cover and the students need to take full advantage of the class time. If a

student is 15 minutes or more late the student is expected to call the instructor. School start time is 8 am, and students are expected to be in class 5 to 10 minutes early. The following actions will result from violations (see Table 2).

Event	Action
1 st	Verbal warning placed in the student's file.
2 nd	Written warning will be issued filed.
3 rd	Dismissal from course.

Table 2.

Dismissal

After three documented events the student will be dismissed. Students who are dismissed will receive a refund in accordance with the refund policy on page 3. Due to the extended loss of

class time dismissal will result in the student having to pay the full tuition if they wish re-admittance to repeat course.

Withdrawals

The school will honor any valid notice of withdrawal given after the 3-business-day cancellation period and will refund to the student any amounts due based on the school's refund policy on page 3.

Student Complaints

Every attempt will first be made to verbally try to work concerns out with the students. If a

WEGNER'S SCHOOL OF TAXIDERMY L L C

Established 2005
Milton, Wisconsin

problem should arise in any area the student should bring this to the instructor's attention and/or Owner Ron Wegner will work out a solution. If the student is unsatisfied with the solution they can contact the State of Wisconsin, Education Approval Board.

EAB phone number 608-266-1996

Equal Educational Opportunities

Wegner's School of Taxidermy seeks to provide equal educational opportunities and does not discriminate on the basis of race, creed, color, religion, national origin, gender, age, sexual orientation, marital status, veteran status, or disability.

Student Survey

Each student will complete an evaluation form used to appraise the instructor, use of time, the learning environment and the course in general. We may make revisions to the course as a result of information received from this evaluation.

Confidentiality

All student records are maintained with strict confidentiality. Students may request a copy of the records.

Grading and Certificate of Achievement

The instructor measures students' performance, testing and assessments are done by checklists and completed specimens.

The grading system works as follows: (5) is the best score and (2) is the lowest score indicating unsatisfactory performance.

Grade	Definition
5	Excellent
4	Good
3	Satisfactory
2	Needs attention

A minimum average of 3 is required for passing. Completion of assignments, attendance and the

instructor's assessment will be used to determine completion of the course. Upon satisfactory completion of the course a

certificate of achievement will be awarded to the student.

Employment Assistance Service

The school will not provide any employment assistance to graduates of our course.

“Due to the small size of the classes and the short duration of the program's students are not put on probation, suspended or dismissed *automatically* for unsatisfactory grades.

Wegner's School of Taxidermy owner and instructor, Ron Wegner, will set up individual criteria for the student to achieve and will work with each student on an individual basis to improve their performance to satisfactory progress. A minimum average grade of 3 is required for a student to earn a certificate of achievement.”

Approved by the Wisconsin State Approving Agency for the enrollment of those eligible to receive GI Bill education benefits”.

Veterans Refund Policy

“The non-refundable portion of registration fees will not exceed \$10.00. All other charges to the student, including tuition, books and supplies issued by the school, registration fees in excess of \$10, and other fees will not exceed the pro-rata portion of total charges that the length of the completed portion of the course bears to the total length of the course. This policy is in compliance with the requirements of 38 CFR 21.4255.”

Course Descriptions

WEGNER'S SCHOOL OF TAXIDERMY L L C

Established 2005
Milton, Wisconsin

The programs will help the student's ability for employment, or self-employment will enable the student to receive a higher standard of financial stability. The program will educate students on how to perform several tasks with various types of equipment. The program will educate students on how to purchase their own equipment and supplies efficiently.

Professional Taxidermy Course

Six week course 288 hours. Tuition* includes all supplies and materials, except specimens. This course includes deer, birds, mammals, turkey and fish classes. You will learn all the highest quality of knowledge for the future financial stability in this field of taxidermy. You will learn the latest advanced techniques from a golden masters trained taxidermist and be able to start your own professional taxidermy business. Tuition \$17,400. **

Deer Head Taxidermy Class

1 week class 48 hours. Tuition* includes all supplies and materials. All aspects of preparing and mounting a quality deer head will be taught during this one-week course. Knowledge gained from the instruction will be beneficial for the future financial stability in the field of deer head taxidermy. Tuition \$3,000.**

Bird Taxidermy Class

1 week class 48 hours. Tuition includes all supplies and materials. All aspects of preparing

and mounting birds will be taught during this one-week course. This bird course is very important to be able to mount an accurate and professional bird specimen. Tuition \$3,000 **

Small Mammal Taxidermy Class

1 week class 48 hours. Tuition includes all supplies and materials. Mammal taxidermy has come a long way in the last few years. Many new techniques have developed in this field. All aspects of preparing and mounting mammals will be taught during this one-week course. Tuition \$3,200**

Fish Taxidermy Class

2 week class 96 hours. Tuition* includes all supplies and materials. All elements for the preparation and mounting of fish will be taught during this two-week course. Includes: skinning, fleshing, tanning, painting, forms, mounting and display making. Each student will be required to complete four fish mounts. Tuition \$5,000**

* Please note the above fees are tuition only and don't cover costs of specimens. See specimen section for costs and policy.

** A down payment is due at the time of enrollment.

WEGNER'S SCHOOL OF TAXIDERMISTRY L L C

Established 2005
Milton, Wisconsin

Turkey Taxidermy Class

1 week class 48 hours. Tuition includes all supplies and materials. All aspects of preparing and mounting turkeys will be taught during this one-week course. This turkey course is very important to be able to mount an accurate and professional bird specimen. Tuition \$3,200**

Class Description

Fish Taxidermy

There will be four different species of fish in this two-week course. All instruction will be extensive hand-on.

Week 1

Day 1 (Pan fish and Bass)

Instruct for measuring fish for manikin and eyes. Instruct on skinning and fleshing 1st fish. Students skin and flesh two fish. Soak in solution overnight.

Day 2

Instructor will lead a demonstration for fitting fish skins on manikins and preparation of manikins used for mounting. Students will prepare manikins and fit fish skins on manikins. Student will follow step-by-step instruction on fitting of the first specimen; followed by one on

one instruction with the student on the student's 2nd fish.

Instructor will lead a demonstration on mounting of specimen. Student will follow step-by-step instruction on the first specimen; followed by one-on-one instruction with the student on the student's 2nd fish.

Instructor will lead a demonstration finning fins. Student will follow step-by-step instruction on fining of the first specimen; followed by one-on-one instruction with the student on the student's 2nd fish. Demo on 1st fish. Students fin 2 fish.

Day 3 (Walleye and Northern Pike)

Students measure two fish for manikins and fish eye. Students skin and flesh two fish. Soak in solution overnight.

Day 4

Students mount two fish and card fins. Demonstration on finishing fish fins. Students finish fins on two fish.

Instructor will lead a demonstration on finishing back of fish, applying hangers to back of fish and epoxy work on fish.

Day 5

Student finish fins on two fish, finish back of fish and apply hanger. Epoxy work on fish two fish.

Day 6

Finishing fish, preparing for paint finishing. Students prepare driftwood for all four fish.

Week 2

Students will complete any projects from the previous week. The second week will include airbrush techniques, maintenance and selection of equipment and includes practical painting, patterns and scenery selection. Student's projects will be critiqued and evaluated.

WEGNER'S SCHOOL OF TAXIDERMY L L C

Established 2005
Milton, Wisconsin

Day 1

Students continue finishing fish and preparing driftwood for fish.

Day 2

Lecture in depth about airbrush maintenance, airbrushing techniques, purchasing airbrush, repair of the airbrush. Students begin practice air brushing on paper, patterning airbrush and grade wash.

Instructor will lead a demonstration on vermiculation markings, and spot patterning. Instructor will lead painting demonstration on Pan fish and Bass. Students paint Pan fish and Bass.

Day 3

Instruction followed by a demonstration using artificial trout head on trout mount. Instructor will conduct painting demonstration on Walleye and Northern Pike. Students paint Walleye and Northern Pike.

Day 4

Student will continue painting fish.

Day 5

Instructor will lead mounting demonstration attaching fish to driftwood and scenery. Students attach 4 fish to drift wood and scenery.

Day 6

Critique all fish mounts. Fill out Evaluation survey sheets.

Deer Head Taxidermy

Day 1

Instruct on how to skin a large game head (deer). Lecture on how to measure hide for manikin. How to split the lips, nose and turn ears. Demonstrate fleshing with mini flesher and commercial fleshing machine.

Day 2

Instruct proper tanning methods. Pickling hide tanning. Instructor will lead a demonstration on pressure hide tanning, washing of the hide and sewing holes in the hide.

Day 3

Preparing the manikin for mounting. Setting of the eyes. Setting of the ears (forward or backward). Instructing the symmetry of the Manikin. Instruct on how to do a Horn Mount.

Day 4

Mounting of the game head. Sliding cape on manikin. Attaching antlers to form. Setting ears in clay. Making the sew incision. Align skin on manikin. Stapling hides on back of form.

Day 5

Continuing mounting game head. Instructor will conduct demonstrations on the proper position of eye skin, pinning hide to manikin in muscle areas, grooming game head and gelling hair on game head.

Day 6

Instruct complete finishing of deer mount.

Finish eyes, nose, ears, lips, and grooming of hair. Instruct air brushing that is needed to complete the mount. Critique deer mount and fill out Evaluation sheets.

WEGNER'S SCHOOL OF TAXIDERMY L L C

Established 2005
Milton, Wisconsin

Bird Taxidermy

Students must want to learn how to preserve birds. The program will enable the student to be more efficient and accurate in preserving birds. The curriculum includes preserving all types of birds. Mounting flying and standing, two birds. Pheasant, Mallard duck. Tuition \$3,000**

Day 1

Instructor will lead a demonstration on how to skin bird and instruct how to use bird-fleshing machine. Degreasing, washing of the birds will also be covered. Instructor will lead a demonstration sewing holes in bird and measuring bird for body, neck and head. Teach how to purchase body parts.

Day 2

Instruct how to build wood wool bird body and how to set eyes in clay on bird head. Instruct how to dry bird and mounting bird.

Day 3

Instruction is the same as first day with the student working on the alternate specimen.

Day 4

Instruction is the same as second day with the student working on the alternate specimen.

Day 5

Instructor will lead a demonstration on how to finish birds. Students finish birds.

Day 6

Instructor will lead a demonstration how to freeze dry turkey head in conventional freezer. Critique bird mounts. Fill out evaluation survey sheet.

Small Mammals Taxidermy

The subject for this program will be a Coyote. The program will make it possible for the student preserving all types of small mammals. Includes method in mounting closed mouths.

Day 1

Instruct how to measure for form. Instruct how to skin mammal. Instruct how to skin by dorsal cut and belly cut both ways. Instructor will lead a demonstration on methods to split lips, eye, nose and toes. Instruct how to flesh hides.

Day 2

Instructor will lead a demonstration on tanning of hides. Instruct setting up form for mounting. 66closed mouth.

Day 3

Instruct sewing holes in hide. Mounting mammal.

Day 4

Instruct creating scenery for mounts. Lecture stressing the importance of reference pictures.

Day 5

Instruct all steps on finishing mammal.

Day 6

Demonstrate how to mount mammal shoulder.

WEGNER'S SCHOOL OF TAXIDERMY L L C

Established 2005
Milton, Wisconsin

Turkey Taxidermy

The techniques that are used for mounting a turkey are quite a bit different than mounting pheasants or water fowl. This course will include skinning the turkey, fleshing the turkey with large bird fleshing machine. In this course the student will learn how to freeze dry their own turkey head, paint the real head. Students will learn how to create a habitat for a strutting turkey or turkey on the limb. Student will have the option of any pose that they choose. This course is highly recommended for mounting a wild turkey and these techniques can be carried over to similar size birds without difficulty. Tuition \$3200**

Day 1

Instructor will lead demonstration on how to sever the turkey head from the body. Instructor will lead demonstration on sever tail from body. Instructor will lead demonstration on finishing skinning body from skin. Will start fleshing turkey skin.

Day 2

Continuing fleshing turkey skin. Instructor will lead demonstration on+ freeze drying turkey head. Students will follow instructions on their own specimens. Instruct washing turkey skin and preserving the skin for mounting.

Day 3

Instructor will lead demonstration on sewing holes in turkey skin. Students will follow instructor on their own specimen. Instruct setting up turkey body for mounting. Instruct students on pumping feet so feet do not shrink. Instruct students how to paint turkey head.

Day 4

Continuing painting the turkey head. Instruct mount turkey, Students will follow instructions on their own specimen

Day 5

Continue mounting turkey. Instruct building habitat.

Day 6

Instruct finishing turkey, painting the legs, preening the turkey feathers. Critique turkey and fill out evaluation sheets.

WEGNER'S SCHOOL OF TAXIDERMY L L C

Established 2005
Milton, Wisconsin

Description of Equipment

The following equipment will all be made available to the students along with the instruction on proper operation and maintenance.

- **Fleshing machine** - for shaving hides on large game head and full body mounts.
- **Mini flesher**- used for fleshing lips, around the eyes, ears, nose, and on thin-skinned mammals.
- **Saber Saw**- for use on preparing forms.
- **Mounting Stands**- used for positioning mounts as you are mounting.
- **Vacuum Tanning Machine**- This is used for tanning all hair on mammal hides, large game heads, and game heads.
- **Paint booth**- used for finish work such as airbrushing, finishing of all mounts.
- .
- **Washing Machine**- Used for spin-drying birds, mammals, large game heads.
- **Wash Tubs**- for hand washing all specimens.
